

LEND US A HAND

We collect financial resources for our activities from state grants, European grants, foundations and endorsement funds. However, these resources do not fully cover all our complex and specialised services. Because of this, we are addressing companies and individuals for donations. We would be delighted if you became one of them.

Yes, even you can help us! There are a few possibilities and it's up to you which to choose which one is best for you. You can support us either financially or physically.
